

# ATTESTATION OF CONFORMITY

**QP-21-09-30-02**

Pursuant to the supervision agreement WBP-2020-01-01-01 2117062/2117128 dated 01 January 2020, order no. 2117062, this certificate is valid for the product

**Plywood, birch, phenol-formaldehyde (PF), unfaced**

Plywood according to EN 636

**In the nominal thickness range: 3 mm – 30 mm**

Manufactured by

**Plywood plant "Vlast Truda"**

At its manufacturing site

**Pereulok Schirokij 31**

**442150 Nizhny Lomov, Penza region, Russia**

**Entwicklungs- und Prüflabor Holztechnologie GmbH (EPH)**

Zellescher Weg 24; 01217 Dresden; Germany

as accredited testing laboratory and certification body

- (A) verifies that the manufacturer applies a quality control method for the determination of the formaldehyde release acc. to EN ISO 12460-3 complying with the requirements given
- (B) established a correlation between the test results of the manufacturers production control method and the results of the reference method EN 16516 or EN 717-1
- (C) established a quality control limit (QCL) for each product type

As a result of the supervision conducted on 01 September 2021 and on the basis of the supervision report 2117062/E1-2020/2021/01 of 30 September 2021 it is hereby confirmed, that the above mentioned product fulfils the requirements of formaldehyde emission class **E1 DE 2020** according to **ChemverbotsV Anlage 1 zu §3** using the reference method **DIN EN 16516 respectively DIN EN 717-1 (results multiplied with factor 2)**.

Thus, the conditions for the validity of the certificate QP-20-11-20-02 are still given and remains valid as long as the mentioned test procedures and/or requirements of factory production control are unchanged and the product and manufacturing conditions in the plant are not changed significantly, unless the certificate was suspended or withdrawn by the product certification body.

Dresden, 30 September 2021
